

Spring Boot & Android Developer

Company: Alfatih Jewelry

Location: Remote

Employment Type: Full-time

About Us:

Alfatih Jewelry, established in Istanbul in 2014, combines decades of expertise with a commitment to quality. We offer a unique mix of traditional Arabic and modern jewelry designs to suit diverse tastes.

As we grow, we are embracing technology to enhance our business, offering seamless experiences through innovative applications that bridge tradition and modernity. Join us in shaping the future of jewelry retail through technology and innovation.

Qualifications:

Education: Bachelor's degree in Computer Science, Engineering, or a related field.

Experience: At least 1 year in Java development and Spring Boot framework.

Key Responsibilities:

- Develop and maintain Android applications using Kotlin and Android Studio, ensuring high performance and user-friendly interfaces.
- Design and implement robust backend services and RESTful APIs using Spring Boot.
- Integrate and manage relational databases with tools such as JPA/Hibernate.
- Collaborate in an Agile team environment, participating in daily stand-ups, sprint planning, and code reviews.
- Manage and maintain source code with Git for version control.
- Debug, troubleshoot, and optimize applications for performance and reliability.
- Familiarity with tools like Gradle and Docker.
- Basic knowledge of WordPress for website customization and management.

Soft Skills:

- Good knowledge of English (written and spoken).
- Fluent in Arabic (written and spoken).
- Strong problem-solving and analytical skills.
- Ability to work independently and manage tasks effectively in a home office setting.
- Good communication and collaboration skills.

What We Offer:

- Flexible working hours.
- A supportive team environment that encourages collaboration and growth.
- Opportunities for continuous professional development, including access to online courses and dedicated learning time.

How to Apply:

If this sounds like the right role for you, we'd love to hear from you!

Send your application, including your CV, references, and a brief cover letter, to career@fatihjewelry.com.

Join us in building innovative and seamless applications tailored for our jewelry store and customers.
